

Be ready in all circumstances

# THE EMERGENCY KIT

## CHECK LIST

- Water: ten liters per person in small bottles,
- Basic tools: multifunction pocket knife, can opener ...,
- Emergency food that consumes little water: energy bars, dried fruits, canned foods, baby jars, etc.
- Flashlight with two sets of spare batteries or a lamp without crank battery (dynamo),
- Radio with batteries or batteries, or a radio with crank,
- First aid medical kit: strips, alcohol, tape, paracetamol, anti diarrheal, hydro-alcoholic hand products, as well as your current treatment medication,
- A duplicate of house keys to avoid having to look for them and risk leaving their door open or being stuck outside then,
- A duplicate of car keys to avoid searching for them, or to forget them and waste time in case of evacuation by road,
- Your identity papers and a photocopy of your identity papers,
- A mobile phone with a charged battery and usb cable,
- Cash or credit card
- Spare clothes and shoes,
- Toilet paper and personal hygiene essentials
- A sleeping bag,
- Various games: cards, dice, dominoes, etc. If the situation were to last, it would allow to pass the time,
- A plastic bag to protect valuables and important papers.

In an emergency situation, running water, electricity and telephone networks can be cut off. You must be ready to live independently for a few days with certain essential items, at your home (confinement) or outside after an evacuation order. Be careful that the bag is not too heavy, you may have to walk with it.

Group items and essentials to deal with an emergency situation and place them in an easily accessible place
